[Eyecatchers: Shu Uemura Color: Osbournes For Mac](#)

There honestly hasn't been a Shu Uemura selection I haven't liked, but it appears like each yr, it just will get cuter and cuter.. Mother-daughter duó, Sharon and Kelly Osbourne, possess each produced a limited-edition collection for the makeup brand that shows their personal style.. THE OSBOURNES ARE Back again IN Mac pc The Osbournes are back again in complete color with a selection for Mac pc.

Best strategy games for mac free I adore all items Japanese (anyone else pay attention to Kinki Kids, Speed and Glay in the 90s?), but Shu Uemura often handles to cash the 'kawaii' therefore perfectly with luxury.. The selection is accessible now at Macintosh counters. The Sharon Osbourne selection features lipglass (\$16 50), PatentPolish Lips Pencil (\$21).

This selection may appear like a trippy collection of hippie blooms, but there is certainly actual philosophical depth! Shu Uemura turns the celebrities of the universe into blossoming plants of wish in special event of cosmic elegance.. The inspiration for this collection arrives from the wondérment of the evening sky during the holiday season and how thé cosmos would can be found in every day living.
